III Public Input- George Abella – are you still solid on not having a Jammer class here at Ukiah Speedway? Blair explained that he got a call from his fair manager wanting to know why he is trying to steel NCRA classes. Blair told him that he was not trying to take any of their classes. George - I think we should try to have a Jammer-like class. Blair.- Lets have a meeting at our next meeting for anyone that is interested in running a road runner class. George- on another note Roseville race was not that good. Sally- what are your feelings with the fact that you don't want to steel any of their classes but yet they are doing that to you.... they are trying to steel the Bandolero class?

IV Management Reports

Blair Aiken - Don't have much to go over. The decision to not run the modifieds in our open was strictly financial. I went over the profit and loss with and with out the Modifieds. The actual loss with the modifieds was -\$12207.09 and without the Modifieds was a profit of \$4746.28. That is why I chose not to run them at our open show in October. I am not going to be running them as much next year. I think we will be okay with the classes that we have, We believe our Legend car count in on the rise.

Glenda Gilmer – No report.

Nadine Strauss – I have been working on the open show. I have posters so please take them when you leave.
